HMS BU Ewon – Technical Services	Q3 2023

Ewon Netbiter Argos – Technical Training

Aim of the course:

The course will provide you with the knowledge required to install and commission an Ewon Netbiter gateway and use the features of the Ewon Netbiter Argos Cloud to monitor and control your remote systems.

Target audience

Ewon distributors, Ewon Partners, and HMS employees

Course type & location

This training is a Face-2Face session and will be held at HMS Nivelles Office (Belgium).

What will you learn?

- The concepts of Ewon Netbiter gateways and the Argos cloud
- Installation, commissioning & testing of Netbiter gateways
- How to connect to your devices and access data via the built-in protocols of the Netbiter
- Configuration & management of alarms, users and systems
- How to create a GUI in the Argos cloud
- How to deploy the Netbiter and Argos on multiple sites and systems
- Using the Netbiter gateway for remote access to your devices

Outcome:

You will leave the course with a good understanding of all the tools available in the Argos cloud for creating an effective remote management system.

Training materials

Training materials will be provided after the training session.

Training schedule

Netbiter Argos – Day 1 from 9h00 to 17h00
