

Dear Partner,

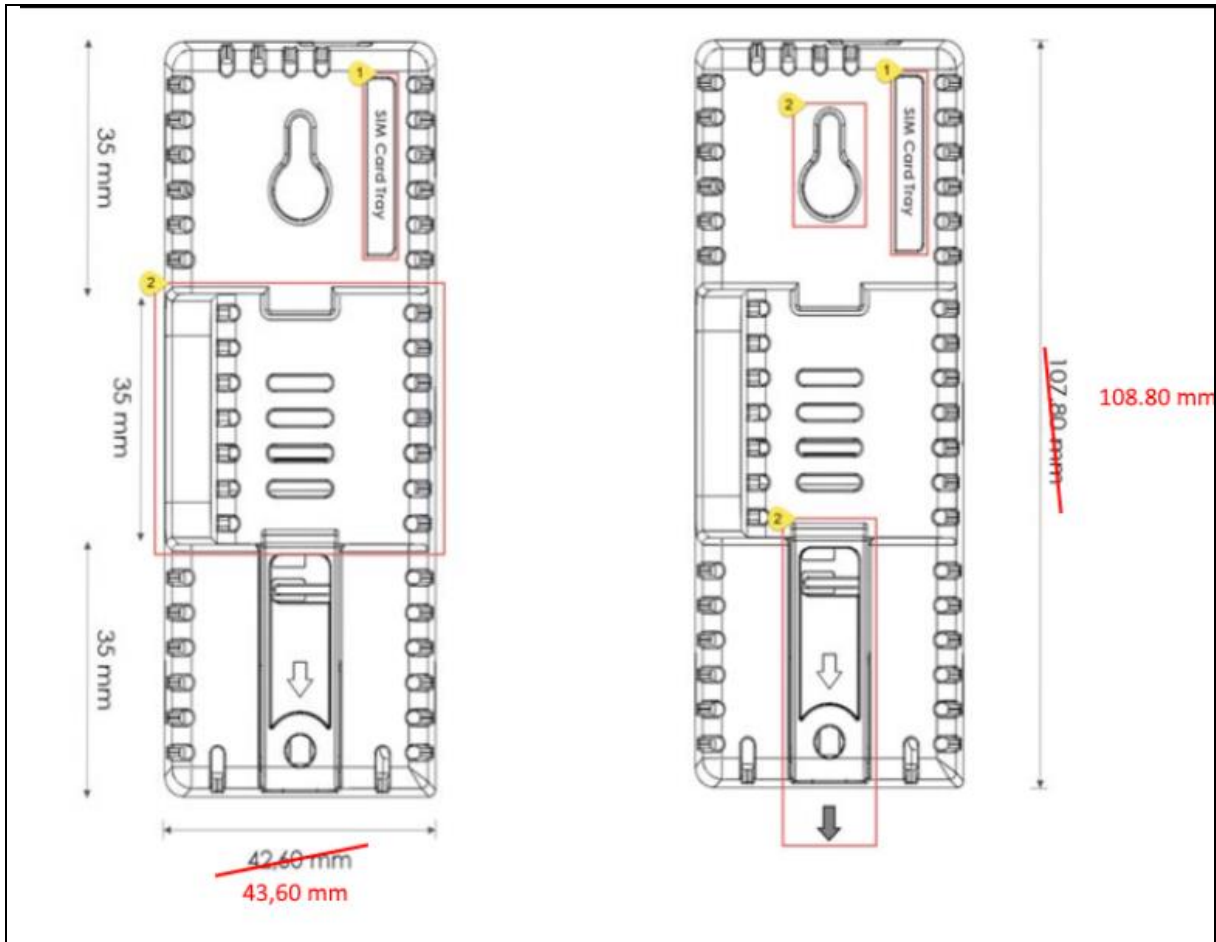

Ewon appreciates your daily involvement and your long-term loyalty.

Being at the forefront of technology is important for us and we would like to notify you about a casing modification for the product mentioned below.

Key milestones	
From June 1st	<p>Dimensions of the Cosy131 Ethernet devices will be changed in production: 1mm will be added in the current height and 1 mm on the current width. Depth will be unmodified.</p> <p>The change will be effective from the serial number starting with "2023-SSSS-22".</p> <p>This change will be applied to Cosy WiFi and Cellular productions in August 2020.</p>

Reason for change
Due to large volumes of Cosy 131 already produced, a new injection mold for Cosy 131 family was required.

Description of change
Please see the drawing on second page. The new mold will lead to a more robust product and manufacturing process.

Product Part#
