

Dear Partner,

Ewon appreciates your daily involvement and your long-term loyalty.

We would like to notify you about a temperature modification for the product mentioned below.

Key milestones	
August 8th, 2021	<p>All Cosy 131 products datasheets (available on our website) will be adapted to reflect the results of test carried out as part of the new Security standard 62368-1.</p> <p>This will be valid starting August 8th, 2021.</p> <p>The previous temperature range was as follows: Operating: -25°C to +70°C, 10 to 95% relative humidity (non-condensing).</p> <p>The upper limit will now be reduced to 60°C.</p> <p>This PCN is a follow-up to the January 17th, 2020 PCN (# PCN-218-2003-01) that addressed the same change on all Flexy products and Flexy extension cards.</p>

Reason for change
Update technical information to comply with our test results.

Description of change
<p>All datasheets will mention: Operating: -25°C to +60°C, 10 to 95% relative humidity (non-condensing).</p>
